**THE ONES WE LOVE
DESERVE THE BEST**

...AND NOTHING LESS

This is what we keep in mind when producing our finest dog and cat treats. We use only farm-fresh meat. You can be sure that there are no artificial flavorings or preservatives used, so your pet can enjoy the true taste of real meat.

All pets are different and have different tastes. This is why in our product range you can find treats made from a variety of meats: chicken, duck, mutton, beef, venison, ostrich, turkey, and goose. You can choose from tender treats, which are great for training, or munchy ones, which would take some time to chew on.

Be sure that any treat chosen from our range is the best you can give to your pet. Your dog or cat will appreciate each piece of “Dog Fest” or “Cat Fest” and will always beg for more.
